10 Commandments

Preschool

Help children discover blessings associated with obedience to God's law. Each lesson provides children with a deeper revelation into following God's commandments.

Lesson Components:

Do some or do 'em all!

(Titles based on skateboarding terminology.)

Scripture box: Includes the main scripture verse, support verse and lesson title

KIDnabber: quickly seizes the child's attention using tangibles that connect the lesson to the child's world.

KICK RiCK Grind: A presentation that quickly seizes the child's attention using tangible objects that connect the lesson to the child's world; this may include some puppet interaction with Kick Rick or any puppet

Rampin' Up: A springboard to the Bible text, adding another element that connects the child's world to the lesson

Lesson Launch: Bible story or scripture text that provides the framework of the lesson, designed to make abstract concepts concrete

Air Time: Review questions that assess what the children have grasped from the lesson

Side KiCKs: Mini dramatizations that introduce an "offender" of the commandment being presented. The offender is repeatedly captured at the end of each drama skit, having been caught disobeying the commandment. This component reinforces the Biblical truth of the lesson through an element of action and surprise.

Time to Thrash: hands-on activities tailored to the age and development of the children that allow them to experience the lesson using their 5 senses and Bible skills

The Final Spin: A wrap up to the lesson

Takin' It To The Edge: An impact activity created to emphasize the lesson with added fun
